Branding & UI/UX	Logo, brand identity, UI/UX and creative assets.
Hosting & Maintenance	Hosting, SSL, backups, security and ongoing technical support.

Why Choose Web4You

- End-to-end digital solutions under one roof
- Modern, responsive and scalable solutions
- Growth-focused strategy and conversion-oriented design
- Transparent communication and customized proposals
- Support from consultation through launch and beyond

Our Expertise & Client Success

We partner with businesses across industries to deliver websites, mobile apps, eCommerce platforms and digital marketing solutions that improve visibility, increase engagement and generate measurable results.

Corporate Solutions — Business Growth Platform

Modern corporate website with lead generation, SEO optimization, responsive design and Google Business Profile integration.

Healthcare Solutions — Patient Platform

Secure healthcare platform featuring appointment booking, patient management, online consultations and digital marketing.

E-Commerce Solutions — Online Retail Platform

Scalable online store with secure payment integration, inventory management and digital marketing.

Mobile Applications — Custom Mobile App

Android & iOS applications with scalable backend, secure APIs and modern user experience.

Digital Marketing — Lead Generation Campaign

SEO, Google Ads, Meta Ads and social media campaigns focused on traffic, leads and measurable business growth.

Branding & Creative — Brand Identity & Design

Professional branding, logo design, UI/UX and marketing creatives that build a memorable brand presence.

What Our Clients Say

★★★★★ *"After 3 years of working together, we've found on several occasions that the quality was superb — quality work delivered on time and within budget by a fantastic team at Web4You Solutions. Last-minute changes from our side were accommodated without any fuss. All queries, even at odd times, were responded to promptly and to our complete satisfaction. The team was very skilled, polite and approachable. I highly recommend Web4You Solutions for their professionalism, commitment and technical skills."*

— BlessingsNGO (blessingsngo.in)

★★★★★ *"Web4You understood our requirement with attention to detail and delivered what was promised. They were also helpful and kind enough to make a few edits after the website was published, on time. Highly recommend the Web4You team for any web/app related work. All the best."*

— North East Hubs (northeasthubs.com)

★★★★★ *"Web4You Solutions is a very nice team with an in-depth understanding of the needs of a client. They have tons of experience and I have been quite happy with their services for many years now."*

— Online OPD (onlineopd.com)

★★★★★ *"Your support and hard work has made such a great website for me. We really liked the behaviour of your team — you worked within my budget. I would like to say that those who need it, please contact them. Here the work gets done quickly, well and within budget. Thanks once again to the team."*

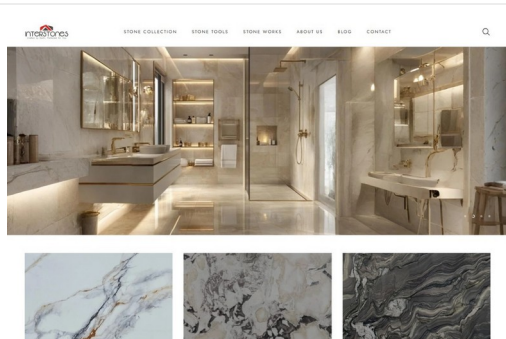

— Easy Mobility (easymobility.ca)

★★★★★ *"Web4You Solutions is one of the best organizations, providing amazing customer satisfaction with super exciting results. I am getting strong returns since their services began. I would recommend everyone try them at least once — after that, you won't go anywhere else for your business growth."*

Service Packages & Starting Prices

Our pricing is segmented so businesses can choose a solution according to their budget and requirements. Final pricing depends on scope, features, integrations and customization.

Website Solutions

Package	Starting Price
One-Page Website	₹3,000+
Basic Business Website (3–5 pages)	₹6,000+
Professional Website (5–8 pages)	₹10,000+
Premium / Custom Website	₹15,000+
Website Redesign	₹6,000+

E-Commerce Solutions

Package	Starting Price
Basic E-Commerce Store	₹15,000+
Professional E-Commerce	₹20,000+
Custom / Advanced E-Commerce	₹30,000+

Other Digital Solutions

Service	Starting Price
Web Application	₹25,000+
Mobile App Development	₹30,000+
Website Maintenance	₹2,000+/month
SEO Services	₹5,000+/month
SMO (Social Media Optimization)	₹4,000+/month
Performance Marketing (Google & Meta Ads)	₹6,000+/month

Note: Prices are starting prices and may change based on pages, products, payment gateway, API integrations, custom features, content and other project requirements.

Payment Terms

- One-time projects (websites, apps, e-commerce): 50% advance to begin work, 50% before final delivery / go-live
- Large / custom projects: milestone-based payments, agreed at project kickoff
- Monthly services (SEO, Ads management, maintenance): billed monthly in advance
- Accepted modes: UPI, Bank Transfer, and online payment links
- The advance payment confirms project booking and covers initial design & development work

Standard terms shown above — final terms are confirmed in your project proposal.

Frequently Asked Questions

How much does a project cost?

Every project is unique. Pricing depends on your business goals, features and requirements — see our starting prices above, or contact us for a customized quotation.

How long does it take to complete a project?

Project timelines vary depending on complexity. Business websites typically take 2–4 weeks, while mobile apps and custom platforms may require additional time.

Can you redesign my existing website?

Absolutely. We redesign outdated websites with modern UI/UX, improved performance, SEO optimization and mobile responsiveness.

Do you develop mobile applications?

Yes. We build secure, scalable and user-friendly Android, iOS and cross-platform mobile applications tailored to your business needs.

Do you provide hosting and maintenance?

Yes. We provide domain registration, cloud hosting, SSL certificates, website maintenance, backups, security updates and technical support.

How do I get started?

Simply contact us through our website, WhatsApp, phone or email. We'll discuss your requirements, recommend the right solution and provide a free consultation with a detailed proposal.

How We Work

Step	Description
01 Discover	Understand your business, audience, competitors and goals.
02 Plan	Define scope, features, technology and project roadmap.
03 Design	Create a modern UI/UX aligned with your brand and audience.
04 Build	Develop, integrate and test the complete solution.
05 Launch	Deploy the project and complete final checks.
06 Support	Provide maintenance, improvements and technical support.

Solution Areas

- Corporate: modern business websites, lead generation and SEO
- Healthcare: appointment booking, patient platforms and online consultation solutions
- E-Commerce: online retail stores, secure payments, inventory and marketing
- Mobile: Android/iOS apps with scalable backend and APIs
- Marketing: SEO, Google Ads, Meta Ads, social media and lead generation

Ready to Build Your Digital Presence?

Share your requirements with us and we will recommend the right solution and provide a customized quotation.
